

URMAS VAHUR´S “FARM”

- **Owner of the farm is Urmas Vahur.**
- **Since 2004 the land use has been organised solely by the owner. All the open landscapes of the village are being used as natural grasslands.**
- **In four years, the land owner has restored and taken into use ca 130 ha of semi-natural habitats. Ca 20 ha of alvars have been cut out of juniper thickets.**
- **Farm specialized to saving ancient rural landscape and semi-natural habitats.**
- **The total area of the farm is 170 ha (in 2008). All the area covered by grasslands.**
- **95 ha of managed land is located on semi-natural habitats (Semi-natural grasslands and scrubland facies on calcareous substrates and Nordic alvar and precambrian calcareous flatrocks).**
- **About 6 ha of natural grasslands is situated on Natura 2000 special habitat area.**
- **Owner is renting 225 beef/dairy cattle for maintenance of rare semi-natural habitats.**
- **Subsidies in 2008: single area payment support, AE support (environmentally friendly production scheme), less-favoured area support, support for the maintenance of semi-natural habitat, Natura 2000 support for agricultural land and other non-area based supports.**
